Valuable information as to the agricultural and mineral wealth of Alberta was laid before the Royal Commission inquiring into the natural resources of the empire and the means

for developing trade and commerce, which opened its sittings in Edmonton in the committee room of the parliament building yesterday morning. The witnesses examined at the two sessions yesterday were Dr. Tory, president of the University of Alberta, C.

S. Hotchkiss, chief publicity commissioner, Mayor Henry, F. T. Fisher, secretary of the Edmonton Board of Trade, W. F. Stevens, live stock commissioner, J. L. Cote, member for Grouard, A. Farmilo, secretary of the.

Personnel of the Commission.
The commission, which will have another session today, consists of Sir George E. Foster, minister of trade and commerce for the Dominion, chairman; Dr. W. Lorimer, Glasgow,

and Joseph Tatlow, Dublin, representing the United Kingdom, and Sir Edgar R. Bowring, Newfoundland, with E. J. Harding, of the Imperial Colonial Institute, as secretary.

speaking of the nationality of the immigrants, Mr. Hotchkiss said that almost every race contributed to the population of the province. Alberta had a very cosmopolitan population; but he did not believe in the immigrants being settled in colonies; they

Sir George Foster remarked that as a matter of fact the colony system had not been encouraged in recent years.

Mr. Hotchkiss: I don't know much about that. But they are fine settlers.

Magnificent Coal Deposits.
Dealing with the coal deposits of Alberta, Mr. Hotchkiss informed the commission of the coal fields in Edmonton and district and mentioned

Sir Edgar Bowring, remarking that that was most interesting, said he would like to see one of the mines in

Mr. Hotchkiss: The coal deposits of Alberta are greater than in any other province or state, except Pennsylvania.

Sir Edgar: You would look for enormous development?

Mr. Hotchkiss: I have been always

surprised that capital does not take hold of this proposition. I would think it should challenge them and the transportation companies. There is good coal suitable for domestic use and steam coal as well.

Mr. Hotchkiss submitted statistics of the agricultural development of the province, mentioning that in 1915 the average yield had been 36 bushels per acre for wheat, 57 oats, 34 barley. He added that it looked as if portions of

the province would give almost as great a yield this year. Alluding to the growth of the dairy industry, he said the province expected to reach \$11,000,000 in 1916 for dairy products. The wool clip would probably be two million pounds, and realized an in-

What the provincial government was aiming at, he pointed out, was to get the farmers to adopt mixed or intensive farming.

In answer to Mr. Tatlow, he said it was very encouraging to notice the number of people who were changing from grain growing solely to mixed farming. No industry was more profitable.

Dr. H. M. Tory, president of the University of Alberta, submitted the report of the Alberta commissioners (the late A. Bramley Moore and himself) on the American commission for the study of agricultural credit, and

dealing with the question of loans to homesteaders, said that the difficulty in the way of loans by private persons was the fact that the land remained in the possession of the government for three years. He suggested that the title should be permitted

to be hid in trust by some small public body. The advance would not be a first mortgage, but the man who lent the money would have then some asset in case of a failure to pay. This local body could also have supervision over the spending of the money. With

THE DAILY POEM

A MIDSUMMER GARDEN.

There is a little garden-rose,
Gilded by golden apple trees,
That through the low sweet summer
hours
is haunted by the hum of bees.

The poppy tosses here its torch,
And the tall bee-bone daisy bows,
And really the larkspur lifts
High arches drift on every bough.

And from the phlox and nigella
And when star-twinkled twilight comes
The place moves a saraband.

And crickets in the alder's grass
With their clear filing pierce the
hush,
And somewhere you may hear anar
And the garden is a scene of
Dreams of the dead years gone
away.

It is a memory-haunted spot,
And long ago someone's vernal gaze
And now walk silent side by side
You'll glory shining in their eyes

BOARD OF TRADE PROTESTS AGAINST RAILWAY TARIFF

Result is That Objectionable Rates Between Edmonton and Coast Are Cancelled

Council of the Edmonton Board of Trade reported at their meeting yesterday that the board has been successful in securing passage of a resolution by the Canadian National Railway Company to cancel the objectionable rates between Edmonton and the coast. The board had previously protested against the rates, which were considered to be excessive and unfair. The resolution was passed by a majority of the board, and the rates have been cancelled. The board is pleased with the result and hopes that it will set a precedent for other boards in the province.

ESTIMATE WHEAT CROPS ABOVE 175 MILLION BUSHELS

Free Press Says Wheat Will Lead With 175,000,000 Bushels

Winnipeg, Sept. 12.—After a month of speculation the Free Press estimates that the wheat crop in the prairie provinces will be 175,000,000 bushels. This is a significant increase over the previous estimate of 170,000,000 bushels. The increase is due to the fact that the weather has been favorable for the crop, and the farmers have been able to plant and harvest the wheat in good time.

TELEPHONE ONE CITY UTILITY WHICH IS NOW MAKING PROFIT

Surplus Over All Charges During August Was \$192.36—Number of Installations Made Gain With Business Conditions Predominating—Government System and Local Office United in Jasper Avenue Quarters

A city utility that is attracting attention these days is the telephone department of the city of Edmonton. The department has been successful in making a profit, which is a significant achievement for a public utility. The profit was made possible by the fact that the department has been able to reduce its operating costs while maintaining the quality of its service.

The monthly reports furnished to the city council show that the department has been successful in making a profit. The profit was made possible by the fact that the department has been able to reduce its operating costs while maintaining the quality of its service. The department has been able to do this by the fact that it has been able to reduce its operating costs while maintaining the quality of its service.

One point of interest, as touched upon by Mr. Lewis, is that the increase in business subscribers of this type of service, and that this increase is due to the fact that the department has been able to reduce its operating costs while maintaining the quality of its service. The department has been able to do this by the fact that it has been able to reduce its operating costs while maintaining the quality of its service.

POLISH WEDDING IF DETROIT WINS PENNANT

It looks like a Polish wedding in Detroit if the Tigers win the American league flag this season and participate in the world's series. Frank Pulver, whose regular name is Kestimierpulver, is a work in that effect, will cut in on that part of the motion, which goes to three utility players in the game. Frank has occupied the Detroit bench all season, and when Pop Young was injured last May, he has been used as pinch runner, pinch hitter and pinch infielder in half a hundred games, and is registered as one of Detroit's eligibles for the post season games. As Pulver would take down in the vicinity of \$2,000 for his share of the swag, he will probably purchase a piece of gold jewelry and present it to a little Polish girl with whom he corresponded while cutting off his hair around second base in Ottawa last summer.

THIRTIETH INNINGS TIE.
BOSTON, Sept. 12.—Rudolph pitched to a 1 to 0 victory over Chicago in one game today, then retired nine batters of the second game, which was thirteen innings before darkness intervened with the score tied at 3 to 3. Rudolph was retired when Tyler batted for him in the ninth, and finished out the game.

Carter gave Rudolph a hard battle in the first contest.
In the second game the visitors had the Braves 2 to 1 with two out in the sixth inning, when Stodgers doubled after Hendrix had given two runs on balls.

BOMBARDMENT CARDS ISSUED IN BALL GAME

LONDON, Sept. 12.—The American ambulance field section No. 8, under the command of Major Gordon, issued a series of bombardment cards to the British section of the Eastern league, where the team is now playing, that Carigan had said he would resign at the end of the present season.

"I believe he will stay, but of course Carigan will do as he thinks best," President Latham said. He said he did not know anything about the selection of a successor to Manager Carigan, but the names of Patrick Donohue of the Buffalo International and Helme Wagner, until recently manager of the Hartford team of the Eastern league, were mentioned.

Section 1, under Oliver Perry, of the American league, ranks second, losing two games, and section 1, under Herbert Townsend, of New York, lost section 2, under J. T. Walker of New York, occupies the bottom berth in the league race.

French-American aviators often fly above the grounds, watching the game, but once in a while a German scout plane will swoop down and drop bombs and bullets on the spectators.

"The chief trouble is that the French aviators are worthless, and we are afraid to let them fly a full course," said a French official who said he had seen several of the French aviators in action.

THIRTIETH INNINGS TIE.
BOSTON, Sept. 12.—Rudolph pitched to a 1 to 0 victory over Chicago in one game today, then retired nine batters of the second game, which was thirteen innings before darkness intervened with the score tied at 3 to 3. Rudolph was retired when Tyler batted for him in the ninth, and finished out the game.

Carter gave Rudolph a hard battle in the first contest.
In the second game the visitors had the Braves 2 to 1 with two out in the sixth inning, when Stodgers doubled after Hendrix had given two runs on balls.

Chicago..... 000 000 000—5 0
Boston..... 010 010 000—3 0
Carter and Archer; Rudolph and Hendrix.

SINCE MATTY TOOK CHARGE OF THE REES

On July 20, Christopher M. Matheroff left the New York State Fair Grounds Grand Circuit meet this afternoon, negotiating a mile in two minutes flat, paced by two running horses, the son of Guy Axworthy never faltered during the trial again time, trotting each of the four quarters in exactly 30 seconds. Axworthy's former record was 5:00 1/2.

Under perfect weather and track conditions, his driver, Ben White, essayed to break the track record of 2:01 1/2, held by the Harvester, and his feat is also shattering the world's record, hitherto set, will go down in harness history for one of the greatest achievements of the sport.

St. Frisco, equally handled by "Pop" Geers, won the \$10,000 Empire State stake in three straight heats. Summary of results:

CLOSE RACE HANDICAPS COMMISSION

Arranging World's Series Is Delayed Until Winners Are Assured

NEW YORK, Sept. 12.—Owing to the closeness of the two major league season races and the resultant uncertainty regarding the contenders for the world's series honors, members of the National Commission are seriously handicapped in their efforts to draw up a schedule and make other arrangements for the holding of the series, a month away. Although the date for the opening game has been unofficially set for Saturday, October 14, the fact that the commission is unable to determine at this time which clubs will participate is hampering the completion of the many details and arrangements which they wish to complete up well in advance if the series is to move smoothly once the play is on.

This problem it was announced here today, will be fully discussed at Cincinnati on Friday when the commission and the club owners gather for the annual drafting of minor league players. The situation may result, it was indicated, in the extraordinary procedure of preparing a number of world's series schedules covering National and American league clubs which have a chance to win the right to compete in the baseball classic.

Only three weeks hence will exist at the time the managers meet in Cincinnati and it has been suggested in official baseball circles that the only way to meet the conditions would be to adopt this broad schedule plan, probably including Brooklyn, Philadelphia and Boston in the National league, and Boston, Detroit and Chicago in the American league.

B. LEVINSKY AND DILLON GET DRAW
MEMPHIS, Tenn., Sept. 12.—Dillon, of Indianapolis, and Battering Levinsky, of New York, fought each round here tonight to a draw. Both men boxed cleverly and neither was severely punished. Dillon forced the fight in the early stages of the bout, but Levinsky came back strong to reach the end of the fight and assumed the aggressive. Dillon, weighed 163 pounds to Levinsky 175.

TO MEET FULTON.
CHICAGO, Sept. 12.—Andre Anderson of Chicago, who last night defeated Al Jurek of California, heavyweight in Kansas City, was matched tonight with Fred Fulton, of Rochester, Minn. before a full house, Wisconsin club, September 27.
